PROFILE

Hello! My name is Yonathan Wondosen. I'm a senior full-stack software developer based in Ethiopia. I work extensively with **React.js**, **Laravel**(PHP), **Django**(Python), **SQL** and **NoSQL** databases, **Tailwind** CSS, and **Bootstrap**. My Expertise lies in web applications that are efficient and user-friendly.

I constantly update my skills and explore new technologies to stay ahead in the ever-evolving tech landscape. I have a strong passion for problem-solving and a deep dedication to my work. Building high-performance digital solutions that enhance user experience and drive efficiency is always a priority.
